

Working Together To Be The Best We Can Be

At Marton we work together to create a warm, caring environment that places children and their achievements at the heart of all decisions made. We aim to make sure that every child's time at our school is a happy and enjoyable experience that will equip them with the skills, confidence and feelings of self-worth to enable them to become successful and caring adults.

We strive to ensure that each child works to the best of their ability and offer opportunities to give every child a chance to shine. We work hard to ensure that all children make the most of the opportunities for learning and develop good social skills.

We are proud of our children and want our children to feel proud of themselves.
