Dear Parents and Carers,

We have had another very busy week with the children continuing to make progress across the curriculum. Understandably, parents have been asking a range of questions linked to COVID as everybody works together to protect our school community. Please see below some frequently asked questions. If you need further clarity on anything at all, please do not hesitate to contact school.

### **Frequently Asked Questions**

#### **What should I do if my child develops COVID-19 symptoms?**

The main symptoms of COVID-19 are:

- new continuous cough and/or
- fever (temperature of 37.8°C or higher)
- loss of or change in, normal sense of taste or smell (anosmia)

If your child develops any of these symptoms, you must arrange for them to have a PCR test as soon as possible. A PCR test can be arranged via the NHS UK ([www.nhs.uk](http://www.nhs.uk)) website or by contacting NHS 119 via telephone if you do not have internet access.

Your child should self-isolate immediately and they should not attend school.

Please contact the school by phone to inform us your child has COVID-19 symptoms, and you are awaiting a COVID-19 test.

#### **What should I do if my child has COVID-19 confirmed by PCR test?**

Anyone with COVID-19 confirmed by PCR test should self-isolate until the latest of:

- 10 days after the onset of their symptoms, or
- 10 days after their test day if they are asymptomatic

Self-isolation means your child should not go to school, attend any out of school activities or visit a friend's house. They should not visit any public places, use public transport or go out to exercise. You should not have visitors into the home except for those providing essential care.

Please contact the school by phone and inform us your child has COVID-19 confirmed by PCR test. It is really important you let us know if your child has confirmed COVID-19 so we can monitor the number of children with COVID-19 across the school.

## What should I do if my child is a contact of someone with COVID-19 confirmed by PCR test?

If your child is aged under 18 years and 6 months and does not have any symptoms of COVID-19 (high temperature, new continuous cough, loss of or change in, normal sense of taste or smell) they do not have to self-isolate as a contact of COVID-19.

They are advised to have a PCR test unless they have had a positive PCR test in the last 90 days.

Children aged 5 and under are not advised to take a PCR test unless the confirmed case is someone in their own household.

## What should I do if my child has a positive result on a lateral flow device test?

If your child has a positive result on a lateral flow device test, they should self-isolate immediately and you should arrange a PCR test as soon as possible.

Other members of the household do not need to self-isolate whilst you await the PCR test result if they do not have symptoms and are aged under 18 years and 6 months or are fully vaccinated.

## Reception Gazette Photographs

On Thursday, 30<sup>th</sup> September the Gazette will be coming into school to take a photograph of our reception children which will appear in the local newspaper.

## Flu Vaccination

In October the school nurses will be coming into school to vaccinate all children. You will be sent a letter during the next few weeks, if you DO NOT wish your child to be vaccinated you have to contact the nursing team. Every child will be vaccinated unless you opt out.

## Nursery spaces

We now have spaces available for two and three year olds in our Marton Minis. If you or someone you know requires a place please contact Mrs Thorpe as soon as possible.

## Parking

Please avoid parking on the yellow zigzag lines outside school. This week some parents have found it difficult driving around the turning circle due to parked cars being illegally parked. Safety is paramount and we ask that all parents are vigilant when parking, ensuring that the safety of our school community is not jeopardised. Please remember that the Coop are kindly letting parents park in their car park.

## Congratulations
