

Non-Routine Admissions

Non-routine admissions are children who need to change school other than at 'normal times' and are already of school age. This could be because of a house move or when parents would like their child to change schools for personal reasons. Local Authority manages all non-routine admissions and allocates places. School remains neutral in this process.

If your family is new to the area, please contact:

**The School Admission Team
Children & Young People's Department
Progress House
Clifton Road
Blackpool FY4 4US
TEL: 01253 476833**

Please note that an application for a place can only be accepted once the child has a definite local address.

If your child is already registered at a Blackpool School you will need to complete a School Transfer Form, available from Progress House, before your application can be considered.
